

A white van with a wooden interior and a man sitting on the back steps, parked in a scenic outdoor setting with trees and a lake. The van has a wooden bench inside and a small table outside. The background shows a large tree, a lake, and mountains under a blue sky.

# Carpediem Caravan

My Rolling Homes

## Our Fleet : Carpediem

Yacht-inspired interiors with overland capability, delivering an immersive, self-sufficient camping experience for up to six guests. Carpediem is built on the Force Traveler 4020 T2 chassis with rear-wheel drive, combining proven reliability with off-road readiness. Its signature pop-top “bunk” roof lifts three feet to reveal a spacious upper berth—sleeping three—while the main cabin comfortably accommodates another three guests.

My Rolling Homes

## Key Features

Carpediem is more than a camper—it's a floating yacht cabin on wheels. With its pop-top bunk, nautical detailing, and self-contained systems, it empowers you to seize every moment, whether you're anchored by a lake at dawn or exploring remote coastal backroads.

Suspension: Leaf springs for robust load support and smooth highway cruising

Climate Control:

Dual air-Conditioning: engine-driven while underway; split-unit or shore power when parked

12v fans – 4 set of dual fans – 1 240 v table fan to circulate air throughout the cabin

Full insulation throughout walls, floor, and ceiling

Five stock windows plus three circular “port-hole” openings, operable from exterior— reinforcing the yacht motif

Mosquito-mesh privacy screen between cab and cabin

# Power & Sustainability

48 V yacht-style electrical architecture with both 12 V and 240 V circuits

Switchboard: Physical 12 V panel plus Bluetooth-enabled wireless control via mobile app and 240 v physical toggle board

Solar & Inverter: 600 W solar array paired with a 6 kW smart inverter

Battery Bank: 9.6 kWh LiFePO4 pack for days of off-grid autonomy

## Kitchen & Dining

25 L OTG electric oven (shore power recommended for extended use)

12 V chimney exhaust hood

Fully stocked cookware, utensils, cutlery, and spices

Portable Dual-Burner Stove: For both indoor and al fresco cooking at the body-mounted table for outdoors

Refrigeration: 90 L fridge for provisions

## Entertainment & Connectivity

Screen-Free Philosophy: No built-in TV—embrace the outdoors

Audio: Portable Marshall speaker for crisp, on-demand music

Internet & Power: Onboard Wi-Fi hotspot; ample AC/DC outlets to keep devices charged

My Rolling Homes

## Outdoor & Recreation Gear

Furnishings: Two armchairs, four stools, fold-out table

Recreation: Badminton set, frisbee, bat & ball, card games

Lighting & Security: Hunter-style LED exterior lamps; CCTV cameras for perimeter monitoring

Fuel & Gas: Eight portable gas cans included (additional on prior request)

## Crew & Service

**Onboard Staff:** Experienced driver plus helper dedicated to guest comfort and setup
